

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-216-27

Relating to Exemptions Under Section 27156
of the Vehicle Code

Automotive Engineered Products
JBA Headers

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-02-003;

IT IS ORDERED AND RESOLVED: That the installation of the JBA Headers, manufactured and marketed by Automotive Engineered Products, Inc., 7149 Mission Gorge Road, San Diego, California, 92120 has been found not to reduce the effectiveness of the applicable vehicle pollution control system and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for those applicable gasoline powered General Motors and Ford vehicles listed in Exhibit A of this Executive Order. **Vehicles under the following test groups are emissions certified to the Ultra-Low Emissions Vehicle (ULEV) emission standards and/or the Supplemental Federal Test Procedure (SFTP) standards, and are excluded from this Executive Order: Ford, 2001 model-year, 1FMXH06.8TH5, 1FMXH05.4TH5, 1FMXV04.6VF5, 1FMXV04.6VF7, 1FMXT03.82J5, 1FMXT03.82J6, and 1FMXT03.01F6, Ford, 2002 model-year, 2FMXH06.8TH5, 2FMXT04.62F5, 2FMXT04.62F6, 2FMXT04.22H5, 2FMXT04.22H6, 2FMXT04.02F7, 2FMXT04.02F8, 2FMXT03.82J7, 2FMXT03.01F6, and 2FMXT03.01F7, General Motors, 2000 model-year, YGMXV03.8901 and YGMXV03.8044, General Motors, 2001 model-year, 1GMXV05.7081, 1GMXA05.3185, 1GMXT04.3187, and 1GMXV03.8044, General Motors, 2002 model-year, 2GMXA05.3185, 2GMXTA05.3186, and 2GMXA04.3189.**

The JBA Headers are a shorty style header, manufactured out of either 16 gage stainless steel or 14 gage mild steel. The headers bolt to the stock connecting pipes and retain the oxygen sensor in its stock location.

This Executive Order is valid provided that the installation instructions for the headers will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the headers, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Automotive Engineered Products, Inc.'s JBA Headers advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the headers using any identification other than that shown in this Executive Order or marketing of the headers for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board. Exemption of the headers shall not be construed as exemption to sell, offer for sale, or advertise any component of the kit as an individual device.

This Executive Order does not constitute any opinion as to the effect the use of the headers may have on any warranty either expressed or implied by the vehicle manufacturer.

This Executive Order is granted based on a prior evaluation which determined that Automotive Engineered Products, Inc.'s JBA Headers does not cause an adverse effect on emissions of selected vehicles (Executive Order D-216-26), and does not affect the vehicle's ability to perform its On-Board Diagnostic II (OBD II) system monitoring. The same effect on emissions and OBD II system monitoring is expected from the use of the JBA Headers on vehicles listed in this Executive Order.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF AUTOMOTIVE ENGINEERED PRODUCTS, INC.'S JBA HEADERS.

No claim of any kind, such as "Approved by the Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 17th day of March 2004.

Alleg Lyons, Chief
Mobile Source Operations Division
