Changes made to the design or operating conditions of the 62mm, 66mm, 70mm, & 75mm Throttle Bodies, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any BBK 62mm, 66mm, 70mm, & 75mm Throttle Bodies advertised, offered for sale, or sold with or installed on, a motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the 62mm, 66mm, 70mm, & 75mm Throttle Bodies using any identification other than that shown in this Executive Order or marketing of the 62mm, 66mm, 70mm, & 75mm Throttle Bodies for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board. Exemption of the 62mm, 66mm, 70mm, & 75mm Throttle Bodies shall not be construed as exemption to sell, offer for sale, or advertise any component of the kit as an individual device.

This Executive Order does not constitute any opinion as to the effect the use of the 62mm, 66mm, 70mm, & 75mm Throttle Bodies may have on any warranty either expressed or implied by the vehicle manufacturer.

This Executive Order is granted based on the following submitted emissions test data using the 75mm Edelbrock/BBK Throttle Body:

	1998 5.4L LEV certified Ford Expedition			
	NMOG	CO	NOX	HCHO
Standards	0.195	5.0	0.6	0.022
Device w/ dfs	0.093	1.4	0.1	0.001

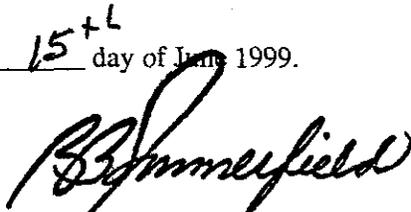

Test results showed that the 75mm throttle body when installed on the vehicle did not cause tailpipe emissions to exceed the vehicle's applicable emission standard during a Cold Start CVS-75 Federal Test Procedure. This Executive Order is also based on On Board Diagnostic II (OBD II) testing conducted on the same test vehicle. Test data showed that the 75mm throttle body when installed on the vehicles did not affect the vehicle's ability to perform its OBD II monitoring.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE BBK PERFORMANCE, INC.'S 62MM, 66MM, 70MM, & 75MM THROTTLE BODIES.

No claim of any kind, such as "Approved by the Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination after hearing that grounds for revocation exist.
