

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-269-1
Relating to Exemptions Under Section 27156
of the Vehicle Code

K & N ENGINEERING, INC.
K & N FILTERCHARGER INJECTION PERFORMANCE KIT

Pursuant to the authority vested in the Air Resources Board (ARB) by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-45-5;

IT IS ORDERED AND RESOLVED: That the installation of the K & N Filtercharger Injection Performance Kit, manufactured by K & N Engineering, Inc., P. O. Box 1329, Riverside, California 92502, has been found not to reduce the effectiveness of the applicable vehicle pollution control system and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the following vehicle applications:

<u>K&N Part Number</u>	<u>Vehicle Application</u>
57-5005	1986-88 1.3 liter Mazda RX-7
57-5006	1986-88 1.3 liter Mazda RX-7 Turbo
57-5000	1988-89 1.6 liter Mazda 323 GT & GTX
57-5001	1990-93 1.6 liter Mazda MX-5 Miata
57-2508	1991-92 1.6 liter Mercury Capri
57-6001	1990-93 3.0 liter Nissan 300ZX
57-6000	1989-93 2.4 liter Nissan 240SX
57-9005	1986 1/2-93 3.0 liter Toyota Supra
57-9004	1987-93 3.0 liter Toyota Supra Turbo

This Executive Order is valid provided that installation instructions for this K & N Filtercharger Injection Performance Kit will not recommend tuning the vehicle to specifications different from those submitted by K & N Engineering, Inc.

Changes made to the design or operating conditions of the K & N Filtercharger Injection Performance Kit as exempt by the ARB, which adversely affect the performance of a vehicle's pollution control system shall invalidate this Executive Order.

Marketing of this K & N Filtercharger Injection Performance Kit using any identification other than that shown in this Executive Order or marketing of this K & N Filtercharger Injection Performance Kit for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the ARB. Exemption of the K & N Filtercharger Injection Performance Kit shall not be construed as exemption to sell, offer for sale, or advertise any component of the kit as an individual device.

This Executive Order is granted based on a determination that the device would not show an adverse effect in emissions if tested using the Cold-Start CVS-75 Federal Test Procedure. However, the ARB finds that reasonable grounds exist to believe that use of the K & N Filtercharger Injection Performance Kit may adversely affect emissions of motor vehicles when operating under conditions outside the parameters of the previously prescribed test procedures. Accordingly, the ARB reserves the right to conduct emission tests, in the future, as such tests are developed, that will more adequately measure emissions from all cycle phases. If such test results demonstrate that the K & N Filtercharger Injection Performance Kit adversely affects emissions during off-cycle conditions (defined as those conditions which are beyond the parameters of the Cold-Start CVS-75 Federal Test Procedure), this Executive Order shall be effectively rescinded as of the date the test results are validated. Further, if such test results or other evidence provides the ARB with reason to suspect that the K & N Filtercharger Injection Performance Kit will affect the durability of the emission control system, K & N Engineering, Inc. shall be required to submit durability data to show that the durability of the vehicle emission control system is not, in fact, affected and/or that the add-on or modified part demonstrates adequate durability.

In addition to the foregoing, the ARB reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations section 2222 et seq.

This Executive Order does not constitute any opinion as to the effect the use of this K & N Filtercharger Injection Performance Kit may have on any warranty either expressed or implied by the vehicle manufacturer.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE K & N ENGINEERING, INC.'S K & N FILTERCHARGER INJECTION PERFORMANCE KIT.

No claim of any kind, such as "Approved by the Air Resources Board" may be made with respect to the action taken herein in any advertising or other oral or written communication.

K & N ENGINEERING, INC.

K & N FILTERCHARGER INJECTION PERFORMANCE KIT

EXECUTIVE ORDER D-269-1

(Page 3 of 3)

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after ten day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination after the hearing that grounds for revocation exist.

Executive Order D-269 is of no further force and effect.

Executed at El Monte, California, this 23rd day of November, 1992.
