6. The Econogreen/Power Pass 2000 does not reduce the effectiveness of any required motor vehicle pollution control device.
7. The ARB, in the exercise of technical judgement, is aware of no basis on which the Econogreen/Power Pass 2000 will provide either a decrease in emission or an increase in fuel economy.
8. It has not been determined what effect use of the Econogreen/Power Pass 2000 may have on any warranty, either expressed or implied, by the manufacturer of a motor vehicle on which the device is installed.
9. The Econogreen/Power Pass 2000 is not a certified motor vehicle pollution control device pursuant to Health and Safety Code Section 43644.

IT IS HEREBY RESOLVED that the Econogreen/Power Pass 2000 is exempt from the prohibitions of Vehicle Code Section 27156 for installation on 1993 and older model-year gasoline and diesel powered vehicles subject to the following conditions:

4. Any oral or written references to this Executive Order or its content by the The Enviro Group, Inc. its principals, agents, employees, distributors, dealers, or other representatives must include the disclaimer that the Executive Order or the exemption it provides is not an endorsement or approval of any fuel economy or emissions reduction claims for the Econogreen/Power Pass 2000 and is only a finding that the device is exempt from the prohibitions of Vehicle Code Section 27156.
5. No claim of any kind, such as "Approved by the Air Resources Board" may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination after hearing that grounds for revocation exist.
