

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-377-4
Relating to Exemption Under Section 27156
of the Vehicle Code

AUTOMOTIVE SYSTEMS GROUP, INC.
LIGHTSPEED EXHAUST HEADERS

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-45-9;

IT IS ORDERED AND RESOLVED: That the installation of the Exhaust Headers made out of #16 gauge 1006 mild steel tube, manufactured by Automotive Systems Group, Inc. of 6644 San Fernando Road, Glendale, California 91201, has been found not to reduce the effectiveness of the applicable vehicle pollution control system and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for those applications listed in the Exhibit, which is attached hereto and incorporated herein.

This Executive Order is valid provided that installation instructions for the Automotive Systems Group, Inc.'s Exhaust Headers will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the device, as exempt by the Air Resources Board, which adversely affect the performance of a vehicle's pollution control system shall invalidate this Executive Order.

Marketing of this device using any identification other than that shown in this Executive Order or marketing of the device for an application other than those listed in Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of this device may have on any warranty either expressed or implied by the vehicle manufacturer.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF AUTOMOTIVE SYSTEMS GROUP, INC.'S EXHAUST HEADERS.

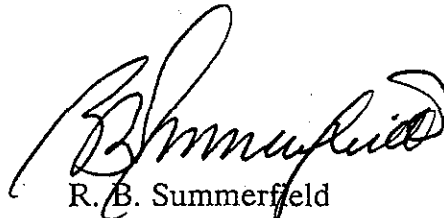

No claim of any kind, such as "Approved by the Air Resources Board" may be made with respect to the action taken in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination after the hearing that grounds for revocation exist.

Executive Order D-377-2 dated January 11, 1996, is hereby superseded and is no longer of any force or effect.

The Bureau of Automotive Repair will be notified by copy of this order.

Executed at El Monte, California, this 16th day of July 1996.

| | H03034B | Header, VHT Finish | 94-95 Integra GSR |
| | H03034 | Header, Ceramic Finish | 94-95 Integra GSR |

NOTES:

1. For a given Style the parts have the same construction, there are different part numbers to denote finish.
2. All Styles are same construction and materials, yet made to fit each different model.

* Excluding those vehicles certified to Low Emission Vehicle Standards including, Transitional Low-Emission Vehicles (TLEV), Low-Emission Vehicles (LEV) and Ultra-Low Emission Vehicles (ULEV).
