

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER D-416  
Relating to Exemptions Under Section 27156  
of the Vehicle Code

AUTOBAHN DESIGNS  
ABD QUICK-FLOW

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code;  
and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the  
Health and Safety Code and Executive Order G-45-9;

IT IS ORDERED AND RESOLVED: That the installation of the ABD Quick-Flow open-element  
air filter manufactured by Autobahn Designs of 2900 Adams Street, Suite B-27, Riverside,  
California, 92504, has been found not to reduce the effectiveness of the applicable vehicle pollution  
control system and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code  
for the following vehicles:

<u>Part Number</u>	<u>Model Years</u>	<u>Vehicle Model/Displacement</u>
70; Q10	1990-1992	Volkswagen (VW) Corrado 1.8L
70; Q20	1993-1995	VW Golf and Jetta 2.0L
70; Q30	1994-1995	VW Golf GTI and Jetta 2.8L
70; Q40	1988-1992	VW Golf and Jetta 1.8L
70; Q70	1992-1993	VW Corrado 2.8L
70; Q70	1993-1995	VW Passat 2.8L

This Executive Order is valid provided that the installation instructions for the ABD Quick-Flow  
open-element air filter will not recommend tuning the vehicle to specifications different from those  
of the original equipment manufacturer.

Changes made to the design or operating conditions of the ABD Quick-Flow open-element air filter,  
as exempt by the Air Resources Board, which adversely affect the performance of a vehicle's  
pollution control system shall invalidate this executive order.

Marketing of the ABD Quick-Flow open-element air filter using any identification other than that  
shown in this Executive Order or marketing of the ABD Quick-Flow open-element air filter for an  
application other than those listed in this Executive Order shall be prohibited unless prior approval is  
obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect that the use of the ABD Quick-  
Flow open-element air filter may have on any warranty either expressed or implied by the vehicle  
manufacturer.

This Executive Order is granted based on an evaluation if emissions tests were conducted in accordance with Cold-Start CVS-75 Federal Test Procedure. However, the Air Resources Board finds that reasonable grounds exist to believe that use of the ABD Quick-Flow open-element air filter may adversely affect emissions of motor vehicles when operating under conditions outside the parameters of the previously prescribed test procedures. Accordingly, the Air Resources Board reserves the right to conduct additional emission tests, in the future, as such tests are developed, that will more adequately measure emissions from all cycle phases. If such test results demonstrate that the ABD Quick-Flow open-element air filter adversely affects emissions during off-cycle conditions (defined as those conditions which are beyond the parameters of the Cold-Start CVS-75 Federal Test Procedure), this Executive Order shall be effectively rescinded as of the date the test results are validated. Further, if such test results or other evidence provides the Air Resources Board with reason to suspect that the ABD Quick-Flow open-element air filter will affect the durability of the emission control, Autobahn Designs shall be required to submit durability data to show that the durability of the vehicle emissions control system is not, in fact, affected and/or that the add-on or modified part demonstrates adequate durability.

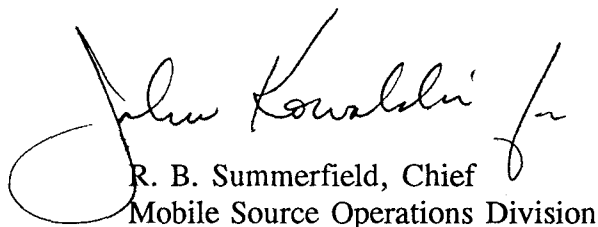

In addition to the foregoing, the Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF AUTOBAHN DESIGNS ABD QUICK-FLOW OPEN-ELEMENT AIR FILTER.

No claim of any kind, such as "Approved by the Air Resources Board" may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after ten day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination after hearing that grounds for revocation exist.

Executed at El Monte, California, this 24<sup>th</sup> day of December 1996.

  
R. B. Summerfield, Chief  
Mobile Source Operations Division
