

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-425-31

Relating to Exemptions Under Section 27156
of the Vehicle Code

Toyota Racing Development
TRD Cold Air Intake System

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-02-003;

IT IS ORDERED AND RESOLVED: That the installation of the TRD Cold Air Intake System, manufactured and marketed by Toyota Racing Development, 19001 South Western Avenue Torrance, California 90501 has been found not to reduce the effectiveness of the applicable vehicle pollution control system and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the vehicle applications listed:

<u>Part Number</u>	<u>Application</u>
PTR05-12030-01	2003-2004 Toyota Matrix XRS, 1.8L
PTR05-12030-02	2003-2004 Toyota Matrix XR & base model, 1.8L
00602-17802-100	2000-2004 Toyota Celica GTS, 1.8L
00602-17802-101	2000-2004 Toyota Celica GT, 1.8L
PTR05-12030-02	2003-2004 Toyota Corolla CE, LE, & VE, 1.8L

The TRD Cold Air Intake System consists of an open element air filter and ducting system designed to replace the stock air filter box and air inlet ducting. The Mass Air Flow sensor that is installed on the stock air inlet ducting is relocated and mounted on the supplied Mass Air Flow sensor mounting plate of the TRD Cold Air Intake System.

This Executive Order is valid provided that the installation instructions for the TRD Cold Air Intake System will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the TRD Cold Air Intake System, as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

Marketing of the TRD Cold Air Intake System using any identification other than that shown in this Executive Order or marketing of the TRD Cold Air Intake System for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board. Exemption of the TRD Cold Air Intake System shall not be construed as exemption to sell, offer for sale, or advertise any component of the kit as an individual device.

This Executive Order does not constitute any opinion as to the effect the use of the TRD Cold Air Intake System may have on any warranty either expressed or implied by the vehicle manufacturer.

This Executive Order is granted based on previously submitted OBD II and emission test data in support of Executive Order D-425-11.

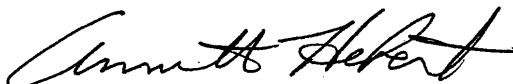

In addition to the foregoing, the ARB reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE TRD COLD AIR INTAKE SYSTEM.

No claim of any kind, such as "Approved by the Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 27 day of April 2009

Annette Hebert, Chief
Mobile Source Operations Division
