

State of California
AIR RESOURCES BOARD

EXECUTIVE ORDER D-443
Relating to Exemptions Under Section 27156
of the Vehicle Code

DYNATEK
Dyna Ignition Coils

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-45-9;

IT IS ORDERED AND RESOLVED: That the installation of the Dyna Ignition Coils, DC Series, manufactured by Dynatek of 164 S. Valencia St., Glendora, California 91741, have been found not to reduce the effectiveness of the applicable vehicle pollution control system and, therefore, are exempt from the prohibitions of Section 27156 of the Vehicle Code for 1998 and older motorcycles.

The Dyna Ignition Coils are designed to replace stock coils on all motorcycle models including those with mechanical or electronic ignitions. No modifications are required for installation or operation.

This Executive Order is valid provided that installation instructions for these devices will not recommend tuning the motorcycles to specifications different from those submitted by Dynatek.

Changes made to the design or operating conditions of these devices, as exempt by the Air Resources Board, which adversely affect the performance of a vehicle's pollution control system shall invalidate this Executive Order.

Marketing of these devices using any identification other than that shown in this Executive Order or marketing of these devices for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of these devices may have on any warranty either expressed or implied by the motorcycles manufacturer.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF DYNATEK'S DYNA IGNITION COILS.

No claim of any kind, such as "Approved by the Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after ten day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination after hearing that grounds for revocation exist.

Executed at El Monte, California, this 5th day of January 1998.

R. B. Summerfield, Chief
Mobile Source Operations Division
