

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER D-609-11

Relating to Exemptions Under Section 27156  
of the California Vehicle Code

Airaid Filter Company  
Modular Intake Tubes and Jr. Kits

Pursuant to the authority vested in the Air Resources Board (ARB) by Section 27156 of the Vehicle Code (VC); and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-14-012;

IT IS ORDERED AND RESOLVED: That the installation of the Modular Intake Tubes and Jr. Kits, manufactured by Airaid Filter Company of 2688 East Rose Garden Lane, Phoenix, Arizona 85050, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, the Modular Intake Tubes and Jr. Kits are exempt from the prohibitions in VC Section 27156 for the vehicles listed in Exhibit A.

The Modular Intake Tubes include an intake air tube and mounting hardware. The Jr. Kits also include a replacement air filter.

This Executive Order is based on engineering evaluation and previous testing Airaid Filter Company conducted with similar intake systems.

If evidence provides ARB with reasons to suspect that the Modular Intake Tubes and Jr. Kits will affect the durability of the emission control system, Airaid Filter Company shall be required to submit durability data to show that the durability of the vehicle emission control system is not, in fact, affected and/or that the add-on or modified parts demonstrate adequate durability.

This Executive Order is valid provided that the installation instructions for the Modular Intake Tubes and Jr. Kits do not recommend tuning the vehicles to specifications different from those submitted by the vehicle manufacturers.

Changes made to the design or operating conditions of the Modular Intake Tubes and Jr. Kits, as exempt by ARB, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

This Executive Order shall not apply to any Modular Intake Tubes and Jr. Kits advertised, offered for sale, sold with, or installed on a new motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

Marketing of the Modular Intake Tubes and Jr. Kits using any identification other than that shown in this Executive Order or marketing of the Modular Intake Tubes and Jr. Kits for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from ARB.

This Executive Order does not constitute any opinion as to the effect the use of the Modular Intake Tubes and Jr. Kits may have on any warranty either expressed or implied by the vehicle manufacturer.

ARB reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY ARB OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE MODULAR INTAKE TUBES AND JR. KITS.

No claim of any kind, such as "Approved by the Air Resources Board," may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 25<sup>th</sup> day of April 2014.

Annette Hebert, Chief

Emissions Compliance, Automotive Regulations and Science Division
