AIR RESOURCES BOARD

EXECUTIVE ORDER D-609-8

Relating to Exemptions under
Section 27156 of the Vehicle Code

Airaid Filter Company
AIRAID Intake Systems

Pursuant to the authority vested in the Air Resources Board (ARB) by Section 27156 of the Vehicle Code (VC); and

Pursuant to the authority vested in the undersigned by Sections 39515 and 39516 of the Health and Safety Code and Executive Order G-02-003;

IT IS ORDERED AND RESOLVED: That installation of the AIRAID Intake Systems, manufactured by Airaid Filter Company of 2688 East Rose Garden Lane, Phoenix, Arizona 85050, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems, and therefore, the AIRAID Intake Systems are exempt from the prohibitions in VC Section 27156 for installation on the following vehicles:

<u>Part Number</u>	<u>Vehicle Model</u>
200-285 (oiled filter)	2014 model-year 5.3 liter C15 Chevrolet Silverado
201-285 (red dry filter)	and GMC Sierra pick-up trucks
203-285 (blue dry filter)	

The AIRAID Intake Systems include an open-element air filter, inlet tube(s), and assorted mounting hardware and connecting hoses, including the positive crankcase ventilation breather hose(s).

This Executive Order is based on previous Cold-Start CVS-75 Federal Test Procedure tests, Supplemental Federal Test Procedure US06 test, and On-Board Diagnostic II System tests conducted by Airaid Filter Company with similar AIRAID Intake Systems.

If evidence provides ARB with reasons to suspect that the AIRAID Intake Systems will affect the durability of the emission control system, Airaid Filter Company shall be required to submit durability data to show that the durability of the vehicle emission control system is not, in fact, affected and/or that the add-on or modified parts demonstrate adequate durability.

This Executive Order is valid provided that installation instructions for the AIRAID Intake Systems do not recommend tuning the vehicles to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the AIRAID Intake Systems, as exempt by ARB, which adversely affect the performance of the vehicles' emission control system, shall invalidate this Executive Order.

Marketing of the AIRAID Intake Systems using identification other than that shown in this Executive Order or for an application other than that listed in this Executive Order shall be prohibited unless prior approval is obtained from ARB.

Exemption of the AIRAID Intake Systems shall not be construed as exemption to sell, offer for sale, or advertise any component of the system as an individual device.

This Executive Order shall not apply to any AIRAID Intake Systems advertised, offered for sale, sold with, or installed on a motor vehicle prior to or concurrent with transfer to an ultimate purchaser.

This Executive Order does not constitute any opinion as to the effect the use of the AIRAID Intake Systems may have on any warranty either expressed or implied by the vehicle manufacturer.

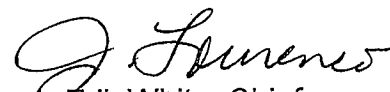

No claim of any kind, such as "Approved by the Air Resources Board," may be made with respect to the action taken herein in any advertising or other oral or written communication.

In addition to the foregoing, the Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of California Code of Regulations, Title 13, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY ARB OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF AIRAID FILTER COMPANY'S AIRAID INTAKE SYSTEMS.

Violation of any of the above conditions shall be grounds for revocation of this Executive Order. The Executive Order may be revoked only after a ten-day written notice of intention to revoke the Executive Order, in which period the holder of the Executive Order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request, and the Executive Order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 7th day of October 2013.

Erik White, Chief
Mobile Source Operations Division
