

State of California  
AIR RESOURCES BOARD

EXECUTIVE ORDER D-701-8

Relating to Exemptions Under Section 27156  
of the California Vehicle Code

Pacific Performance Engineering  
Ford OEM Replacement Up-Pipes

Pursuant to the authority vested in the Air Resources Board by Section 27156 of the Vehicle Code; and

Pursuant to the authority vested in the undersigned by Section 39515 and Section 39516 of the Health and Safety Code and Executive Order G-14-012;

IT IS ORDERED AND RESOLVED: That the installation of the Ford OEM Replacement Up-Pipes, manufactured and marketed by Pacific Performance Engineering, 303 North Placentia Avenue, Fullerton, California 92831, has been found not to reduce the effectiveness of the applicable vehicle pollution control systems and, therefore, is exempt from the prohibitions of Section 27156 of the Vehicle Code for the following trucks equipped with a Ford diesel engine.

<u>Part Number</u>	<u>Model-Year</u>	<u>Displacement</u>
316119503	2003 and 2004	6.0L
316119504	2004 to 2007	6.0L

The Ford OEM Replacement Up-Pipes are a direct replacement stainless steel pipe that is attached between the exhaust manifolds and turbocharger inlet, the pipes Y together at the turbocharger inlet, same as stock. The EGR port is located on the up-pipes. The stock up-pipes and the Ford OEM Replacement Up-Pipes share the same construction material, metal gage, interior volume, length, and port size. Retains all stock connections, requires no modifications for installation. **The Ford OEM Replacement Up-Pipes has no mechanical or electrical user adjustments. No changes are made to any component of the stock engine for installation, including engine calibration, turbocharger, or any other component of the exhaust system.**

This Executive Order is valid provided that the installation instructions for the Ford OEM Replacement Up-Pipes will not recommend tuning the vehicle to specifications different from those of the vehicle manufacturer.

Changes made to the design or operating conditions of the Ford OEM Replacement Up-Pipes as exempt by the Air Resources Board, which adversely affect the performance of the vehicle's pollution control system shall invalidate this Executive Order.

Marketing of the Ford OEM Replacement Up-Pipes using any identification other than that shown in this Executive Order or marketing of the Ford OEM Replacement

Up-Pipes for an application other than those listed in this Executive Order shall be prohibited unless prior approval is obtained from the Air Resources Board.

This Executive Order does not constitute any opinion as to the effect the use of the Ford OEM Replacement Up-Pipes may have on any warranty either expressed or implied by the vehicle manufacturer.

This Executive Order is granted based on an engineering evaluation and information supplied by Pacific Performance Engineering on the Ford OEM Replacement Up-Pipes. Comparisons made between the stock and modified part demonstrated similarity in material type, port size, and design.

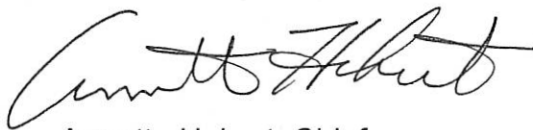

The Air Resources Board reserves the right in the future to review this Executive Order and the exemption provided herein to assure that the exempted add-on or modified part continues to meet the standards and procedures of Title 13, California Code of Regulations, Section 2222, et seq.

THIS EXECUTIVE ORDER DOES NOT CONSTITUTE A CERTIFICATION, ACCREDITATION, APPROVAL, OR ANY OTHER TYPE OF ENDORSEMENT BY THE AIR RESOURCES BOARD OF ANY CLAIMS OF THE APPLICANT CONCERNING ANTI-POLLUTION BENEFITS OR ANY ALLEGED BENEFITS OF THE FORD OEM REPLACEMENT UP-PIPES.

No claim of any kind, such as "Approved by the Air Resources Board", may be made with respect to the action taken herein in any advertising or other oral or written communication.

Violation of any of the above conditions shall be grounds for revocation of this order. The order may be revoked only after a ten-day written notice of intention to revoke the order, in which period the holder of the order may request in writing a hearing to contest the proposed revocation. If a hearing is requested, it shall be held within ten days of receipt of the request and the order may not be revoked until a determination is made after the hearing that grounds for revocation exist.

Executed at El Monte, California, this 12 day of September 2014.

Annette Hebert, Chief  
Emissions Compliance, Automotive Regulations and Science Division
